## 40 Prisoners Escape From Vietnamese

**By GEORGE ESPER**  
**Associated Press Writer**  
SAIGON (AP) — Forty prisoners of war escaped from a prison detail on Phu Quoc Island Monday after killing one of their South Vietnamese guards and wounding another.  
Nine of the prisoners were killed and two wounded in a gun battle, but 28 were still at large today, South Vietnamese headquarters announced.  
A spokesman said he did not know whether the prisoners were North Vietnamese, Viet Cong or both. He said there are more than 20,000 North Vietnamese and Viet Cong in the prison camp on the island in the Gulf of Siam just off the southwest coast of Vietnam.  
A communique said the prison break occurred late Monday afternoon while South Vietnamese navy men were bringing the 40 prisoners back to the prison.

**Three Wrecks Probed by City Police**  
Hope police department reported three accidents yesterday. The first occurred when the cars of Ethel Cummings and Rose Lee Davis, both of Hope, collided at the intersection of N. Graham and Rose Hill at 7:45 a.m. The front of the Cummings vehicle was demolished. No charges were filed by investigating officer Milam.  
The second accident occurred when a car driven by Hugh Garrett hit a piece of farm machinery owned by J. B. Rowe, Jr., which was on the side of the road. The accident took place on the Shover Springs Road at 9 a.m. yesterday. Damage was reported as none and no charges were filed by investigating officer Milam.  
The third took place at the intersection of S. Shover and Highway 67 when a car driven by Joseph T. Rowe backed into a car driven by Mrs. Charles Butler. Damage was minor and no charges were filed. Officers Rowe and Autbury investigated.

**Bank Lower Interest Rate at Jonesboro**  
JONESBORO, Ark. (AP) — Herbert H. McAdams, president of Citizens Bank of Jonesboro, said Monday the bank had lowered its prime interest rate for the second time this year.

McAdams said that effective immediately, the prime interest rate would be lowered from 8 to 7 1/2 per cent. In March the bank lowered prime interest rates from 8 1/2 to 8 per cent. Citizens Bank lists assets of \$45 million.

Enroute they will visit Williamsburg, Va. and New York City. They will arrive in Atlantic City Saturday. While there they will stay at the Traymore Hotel. On Sept. 14 Miss Connelly and Mrs. Fowler will fly to Washington before returning to Little Rock on Sept. 15.

## Nixon, Top Advisers Plan to Assess the Mid-East Situation

**By FRANCES LEWINE**  
**Associated Press Writer**  
SAN CLEMENTE, Calif. (AP) — Amid rising Israeli complaints of cease-fire violations, President Nixon sits down with his top advisers today to assess the Middle East situation.  
He called Vice President Spiro T. Agnew back a day early from a Honolulu rest stop on the way home from Asia to join in the session at the Western White House. Agnew also will report to the President on the 10-day trip in which he met with leaders of five Asian nations.  
Presidential Press Secretary

Ronald L. Ziegler said he did not expect any announcements or reports to come out of the Middle East meeting. Nor, he added, would any of the officials, including Agnew, meet with the press here.  
Nixon has been stressing the need now for "quiet diplomacy" while Arab-Israeli peace discussions are under way at the United Nations.  
In Washington, Secretary of Defense Melvin R. Laird said Monday, "With regard to arms deliveries to Israel during the 90-day cease-fire we are taking such steps as are necessary to assure that the arms balance does not tip against Israel."  
Israel's Premier Golda Meir has expressed concern that the United States, which proposed the cease-fire, is not responding vigorously enough to Israel's charges of Egyptian violations and anti-aircraft missile build-ups in the Suez Canal area.  
High Israeli sources say the United States has indicated in diplomatic contacts that it has recognized alleged Egyptian infractions, but has not agreed to make this public.

**Compton Enters Hospital**  
EL DORADO, Ark. (AP) — Robert C. Compton of El Dorado, an unsuccessful candidate for the Democratic gubernatorial nomination, entered an El Dorado hospital Monday to have some polyps removed from his vocal chords.  
A spokesman for Compton said the polyps apparently were caused by strenuous campaigning and speech making.  
The spokesman said Compton would be hospitalized for about a week.

## Court to Hear Death Penalty Challenges

**By BARRY SCHWEID**  
**Associated Press Writer**  
WASHINGTON (AP) — With the lives of 500 condemned men and women at stake, the Supreme Court will hear two death penalty challenges in its new term, probably the week of Oct. 19.  
The capital punishment issue thus will be given the same early consideration the court is giving school desegregation and the 18-year-old vote.  
The result could be a final decision on the constitutionality of capital punishment by mid-term in June.  
The two cases, from California and Ohio, raise the same constitutional points the court confronted in the past two terms and was unable to resolve in an appeal by William L. Maxwell, a Hot Springs, Ark., Negro sentenced to death in a rape.  
These are: (1) Whether it is a violation of due process of law for juries to be given free discretion to decide which convicted defendants in capital cases should be sentenced to death and which to lesser penalties; and (2) Whether it is unconstitutional for a jury to decide guilt or innocence and the penalty at the same time.

## Trustee Shot to Death in Prison

**TUCKER PRISON FARM, Ark. (AP)** — Walter David Harvey, 27, of Hot Springs, a trusty inmate at Tucker Intermediate Reformatory, was shot to death Monday night by another inmate at the prison.  
Robert Sarver, correction commissioner, said the shooting followed an argument between Harvey and another trusty. Sarver would not divulge details of the incident.  
Harvey was serving a 15-year sentence from Garland County for robbery, burglary and grand larceny.

## Senate Backs Nixon in Refusing to Set Troop Withdrawal Deadline

### Fulbright, McGovern Defend Bill

WASHINGTON (AP) — Sen. George McGovern has told a nationwide television audience that "The longer we stay in Vietnam, the more we play into the hands of the Communists and weaken our society."  
McGovern, D-S.D., and Sen. J. W. Fulbright, D-Ark., appeared in prime time offered by NBC Monday night to respond to presidential telecasts relating to the war.  
McGovern charged that "If Peking or Moscow had been in charge of American foreign policy for the past decade, they could not have devised a policy to hurt us more than the one we have chosen for ourselves."  
He noted that "The two great centers of Communist power in the world are Russia and China. Yet while we have poured our substance in Vietnam for 10 years, not one Chinese or Russian has been expended in that conflict."

Both McGovern and Fulbright said the war was to blame for dissension and hardship in America by dividing the country over the issue and draining the nation's resources away from vital domestic problems.  
Both said President Nixon's so-called Vietnamization plan was ineffective and too indefinite. McGovern especially complained that it still would leave 200,000 Americans in Vietnam "until the Saigon rulers are ready for us to leave."

"The trouble with that formula is that General Thieu and his government are never likely to want us to leave," McGovern said. "They owe their power to American military and financial presence."  
The telecast came on the eve of today's Senate vote on the amendment by McGovern and Sen. Mark Hatfield, R-Ore., which would set up a timetable for U.S. withdrawal from Vietnam.

Fulbright took issue with Nixon administration claims that withdrawal would bring "the first defeat in American history."  
"A war is not a football game which you play to win for the sake of winning," he said. "A war is fought for political objectives. And when it is recognized that those objectives are unattainable at a reasonable cost, the appropriate course of action is to end the war in an orderly and expeditious way."

### AP News Digest

**By LAWRENCE L. KNUTSON**  
**Associated Press Writer**  
WASHINGTON (AP) — The Senate, in a vote that upheld President Nixon's Vietnam policies, refused today to set deadlines for withdrawal of all American troops.

The roll call vote was 55 to 39. It turned down a proposal that the troops be pulled out by the end of 1971.

The defeat of the "Amendment to End the War," came as a triumph for the Nixon administration, after months of controversy in which critics denounced the measure as a blueprint for the first defeat in American history.

But Sens. George McGovern, D-S.D., and Mark O. Hatfield, R-Ore., the principal sponsors of the amendment, said the vote succeeded in demonstrating the depth of national discontent over America's long and bloody struggle in Southeast Asia.

"This amendment gave a rallying point to millions of anguished citizens across this war-weary land," McGovern told the Senate.

Branding the war the cruelest, the most barbaric and the most stupid conflict in American history, McGovern said:

"Every senator in this chamber is partly responsible for sending 50,000 young Americans to an early grave."

The defeat of the amendment was all but sealed less than an hour before the vote when Sen. John Sherman Cooper, R-Ky., considered a key figure by the Hatfield-McGovern forces, announced he would not support it. Cooper said the Congress must place its faith in the President.

## Showers Are Predicted in Some Areas

**By THE ASSOCIATED PRESS**  
A few scattered thundershowers roamed parts of Arkansas, particularly in the northeast, and the forecast called for more of the same, especially in the afternoons and evenings, through Wednesday.

The U.S. Weather Bureau predicted low temperatures tonight would be in the upper 60s to the mid 70s with the highs Wednesday in the upper 80s to mid 90s.

Skies were predicted to be partly cloudy with scattered showers and thundershowers.

Early today, showers occurred mainly in the areas of Newport and Jonesboro. Overnight low temperatures included 66 at Fayetteville, 69 at Harrison, 70 at Jonesboro, 71 at Pine Bluff, 72 at Texarkana, 71 at El Dorado, 73 at Memphis, 71 at Little Rock and 72 at Fort Smith.

Rainfall reports in the 24-hour period ended at 7 a.m. today showed a trace at Harrison and El Dorado, .02 at Texarkana, .11 at Pine Bluff, .48 at Jonesboro and 2.13 at Fort Smith.

## Nuclear Heat Discussed at Russellville

RUSSELLVILLE, Ark. (AP) — Representatives of the Ozarks Regional Commission said here Monday that homes might be built over sections of cities planned in this Arkansas River Valley area.  
John Dobson and Jim Edwards of the commission told the Russellville Chamber of Commerce that the Department of Housing and Urban Development was interested in the possibility.  
They also said HUD was interested in the feasibility of utilizing for community temperature control any excess heat to be given off by the nuclear generating plant being constructed on Dardanelle Reservoir by Arkansas Power & Light Co.

# Milestone in Missile Development

By ROBERT A. DOBKIN  
AP Military Writer

WASHINGTON (AP) — Development of the Safeguard Anti-Ballistic Missile (ABM) system has reached a significant milestone with its first interception of a missile in outer space, but the ultimate test remains five years away.

A Spartan missile fired Friday from a mid-Pacific test site on Kwajalein Atoll intercepted a Minuteman I ballistic missile nose cone high over the Pacific and above the earth's atmosphere.

It was the first time the Spartan was fired at an actual target and guided by its new and complex missile site radar (MSR), the Defense Department said Monday in a brief announcement of the test. In previous tests, Spartans were fired only at points in the sky.

"This was the first test to see if the system works," a Pentagon spokesman explained. "It wasn't the ultimate test, but it was a milestone."

The ultimate test of the disputed multi-billion-dollar ABM system will come in 1975 when the first Safeguard site is scheduled to become operational with all its component parts, including the important but still not completed perimeter acquisition radar (PAR), at Grand Forks, N.D.

Safeguard is designed to protect America's offensive Minuteman missile force by knocking out incoming enemy missiles with its long-range, nuclear-tipped Spartan and short-range Sprint missiles.

Safeguard critics, both in Congress and the scientific community, question whether the ABM's guiding radars are sophisticated enough to distinguish the incoming nuclear warheads from decoys and other electronic devices designed to fool or jam the system.

Friday's mid-Pacific test demonstrated the missile site radar's ability to track an incoming missile and guide Spartan to its target. In this case, it was a single nose cone and not a multiple warhead such as would be expected in an actual attack.

## Man Killed Following \$2 Robbery

WYNNE, Ark. (AP)—Edward Milton of Forrest City was shot to death Monday evening after he allegedly robbed a Wynne supermarket of \$2.

Police Chief Bo Hamrick said Milton carried a 20-gauge shotgun into the store and demanded that Don Legrand, the assistant manager, hand over \$2.

Legrand said he gave the money to Milton, formerly an employee of the store. Milton instructed him to call police and tell them an armed robbery was in progress, Legrand said.

Sgt. Travis Thomas arrived at the supermarket, saw Milton in the store's parking lot, and ordered Milton to drop the shotgun, Hamrick said. Milton refused.

Thomas fired three times with one bullet striking Milton in the chest, Hamrick said. He added that Milton's shotgun was not loaded.

# Things Will Change as the New Picturephones Appear in the Home

By JOY STILLEY

NEW YORK (AP) — Soon I will be keeping more than a pad and pencil near the telephone—I'll have to stash a comb and mirror there too.

This extra equipment will be required to make sure I appear at my best when I answer the telephone, once the new Picturephones being commercially tested in Pittsburgh come into general use.

There will also be a prominent sign to remind me, "Smile, you're on camera." But this admonition will be difficult to adhere to if the caller has aroused me from slumber.

While it will be pleasant to view my conversational partner, the problem will be to make sure he will find it pleasant to view me. So before I get in touch with the telephone operator I'll have to get in touch with the beauty operator.

My phone bills will be minor compared with my clothing bills. After all, I have to be properly dressed for those long-distance face-to-face confrontations.

Fortunately, I've still got time to assemble a suitably photogenic wardrobe, since the service won't be started in New York just yet. Another plus in my favor is the fact that the images are still being transmitted in black and white. So I don't have to make sure that the shade of my robe when I dash out of the tub to answer the phone matches the shade of my hair curlers.

But they're experimenting

## Rock Tossing Incidents at Blytheville

BLYTHEVILLE, Ark. (AP)—A rash of rock-throwing incidents hit Blytheville Monday night, but dissipated without arrest or injury.

The trouble developed several hours after the funeral for Carter Williams, 37, a Negro who was shot to death Friday at a white-owned grocery store in Blytheville in the event they might be needed.

Several hundred Negroes marched 17 blocks Monday from the funeral home to the church where funeral services were held for Williams.

Ford marched at the head of the funeral procession. Police stood guard along the march route and also attended the burial service to observe the proceedings.

Ernest Ray, 55, of Blytheville, was bound over to Circuit Court Monday on a charge of first-degree murder in the shooting death of Williams.

Ray, who is white, waived his right to a preliminary hearing in Municipal Court. He will be held in the Mississippi County jail without bond until Circuit Court convenes Nov. 2.

Ray is the owner of Ray's Grocery.

Police said they were not sure whether Williams was among those who had been picketing

with color, as well as three-dimensional pictures, and then I'll have to be as concerned with my skin tone as I am with my dial tone.

There are other difficulties inherent in these electronic encounters. Up to now all that was required of me during a conversation was that I speak up and enunciate clearly. In the future I'll have to remember to stand straight, smile sweetly and keep the best side of my face toward the camera.

In fact, this innovative show-and-tell instrument will cause numerous changes in the communicating public's life style. It will put an end to "blind" dates made by telephone, to interminable "guess who" games, to anonymous calls and to comedians who disguise their voices.

But it will have one really big drawback. What a disappointment it will be to get all dressed up to make a phone call and get a busy signal!

## Final Okay for Passenger Fare Increase

WASHINGTON (AP) — Rejecting an appeal by New York and Ohio officials, the Interstate Commerce Commission has given final approval to a 10 per cent increase in passenger fares by 21 railroads, effective today.

Three ICC commissioners, acting Monday for the full, 11-member panel, upheld last week's approval of the fare hike by the agency's Board of Suspension.

New York's and Ohio's public utility commissions had protested. Further appeal still is possible, but the increase can be implemented in the meantime.

The boost is the eighth granted by the ICC since Dec. 1, 1967. Most have been for 5 per cent, and not all railroads benefitted from each hike.

Among beneficiaries of the latest increase is the financially troubled Penn Central Railroad, which operates commuter service and long-haul passenger routes along the East Coast and inland as far as Chicago.

Other lines receiving the 10 per cent boost are:

Baltimore and Ohio; Chesapeake and Ohio; Norfolk and Western; Delaware and Hudson; Atchison, Topeka and Santa Fe; Burlington Northern; Chicago and Northwestern; Chicago, Milwaukee, St. Paul and Pacific; Denver and Rio Grande Western; Chicago Rock Island Pacific; Louisville and Nashville; Missouri Pacific; North Western Pacific; Oregon Trunk; San Diego and Arizona Eastern; Southern Pacific; Texas and Pacific; Union Pacific; Gulf Mobile and Ohio, and the St. Louis Southwestern Railway.

the store for several weeks in protest of the quality of food at the store.

Late Monday night the rock throwing broke out in a predominantly Negro neighborhood after a crowd of blacks had gathered.

Officers said windows were broken out of at least nine stores and homes. Ray's business suffered some damage.

The Blytheville Fire Department extinguished a fire that police said may have been related to the disturbance.

# Would End Offshore Drilling

By HARRISON HUMPHRIES  
Associated Press Writer

WASHINGTON (AP) — The petroleum industry should confine its drilling to land and delay further offshore operations to protect the environment, a federal study suggests.

The study cited eruption of an oil well in California's Santa Barbara channel in January 1969 and pollution resulting from an oil fire off the Louisiana coast last February as examples of offshore operations damaging the environment.

The study, released today by the Joint Economic Committee of Congress, was prepared by the environmental policy branch of the Library of Congress.

The oil industry, the report said, has improved its record of containing blowouts on land, and pollution, when it occurs, is localized.

"With on-land problems of production and transportation of petroleum sufficiently well in hand so that substantial pollution seldom occurs, the on-land search for new petroleum reservoirs might for this reason and other good reasons be encouraged," the report said.

Much of the United States has not yet been explored in depth for oil, the report said, and there are opinions that large areas are favorable prospects for oil and gas.

"The situation would appear to deserve serious consideration, not only to set a policy but to design a program to stimulate the discovery of such resources fully adequate to our needs at least until the use of atomic energy is more fully developed," the report said.

Offshore, the report noted, aspects of federal-state proprietary and administrative relations are not fully resolved, oil spills are harder to contain, and workable rules to protect the environment present problems.

## Convicted Panthers to Enter Appeals

NEW HAVEN, Conn. (AP) — Attorneys for Black Panther Lonnie McCluscas are seeking to overturn a jury's verdict that he was guilty of conspiracy to murder in the killing of a fellow Panther in May 1969.

Within hours of the jury finding Monday, the lawyers filed a motion to set it aside. And they indicated they would file an appeal when McCluscas is sentenced later this month.

The jury's verdict came after six days of deliberations—a total of 35 hours. The jurors found McCluscas innocent of three other charges—kidnaping resulting in death, conspiracy to kidnap and binding with criminal intent.

## COURT TO HEAR

(from page one)

the same sitting.

The cases concern James Crampton, a Toledo man under death sentence in the slaying of his wife, and Dennis C. McGautha, a Louisiana man condemned to death in California in the slaying of a Los Angeles storekeeper.

The court never has said publicly why it could not answer these questions in the framework of the Maxwell case. Evidently closely divided, the justices dropped the case last June and took on two fresh ones probably because Justice Harry A. Blackmun, having participated in a Maxwell ruling while an appeals court judge, would not have been able to vote.

The last execution in the United States was in June 1967 when Luis Jorge Monge died in Colorado's gas chamber for the murders of his wife and two children.

There has been a judicial freeze on executions in the United States since the Maxwell case reached the high court. A ruling against Crampton and McGautha could revive use of the death penalty in the nation.

The court begins the new term Oct. 5 with a ceremonial and perfunctory public session. The first real public work day is Oct. 12 when the justices will hear school desegregation cases from Charlotte-Mecklenburg, North Carolina; Mobile county, Alabama; and Clarke county, Georgia.

On Oct. 19 the court is scheduled to hear argument on the 1970 federal law that granted the vote to 18-year-olds.

SHRIMP BOATS may be on the way out. Oldtimer examines lightweight metal traps which promise to replace expensive trawlers and nets for catching shrimp. Traps are light enough for small boats and can be lowered into the ocean by one man. Key to design is aluminum steel fabric that resists rust and corrosion in salt water. Unique material, made by Armo, also is used for animal cages and coops.

## POW Film Brings Mixed Reaction

By JIM LUTHER  
Associated Press Writer

WASHINGTON (AP) — A 12-minute North Vietnamese film purporting to show U.S. prisoners of war celebrating Christmas was received with mixed reaction by families at home. Some shouted recognition, some were skeptical.

In Cleveland, Mrs. Charles S. Stanley Sr. said she, a son and daughter were viewing the televised film when a familiar profile appeared.

"We all jumped at once, so it must be him," she declared, referring to CWO Charles S. Stanley Jr. She said he had his head down and looked "so sad."

The film was aired nationally Monday night after the Pentagon had sent telegrams to families of missing soldiers asking them to view it. Spokesmen said most of the men who appeared weren't on the official prisoner list.

Nina Trout of Murfreesboro, Tenn., said one of the men was her son, Capt. Mark Babson. "It may be a propaganda film, but that's my son."

Mrs. Trout said she had been notified her son was missing in action on Oct. 14, 1969, and received no further word until she got the Pentagon's telegram earlier Monday.

Babson's wife, however, who watched the film at her home in Ozark, Ala., was unable to spot him.

Other relatives contended the pictures of the healthy-looking men may have been faked to leave the impression that Hanoi treats prisoners well.

The film was handed to Rep. Roger Zion, R-Ind., by North Vietnamese in Paris last week. Zion, who had gone to Paris to deliver a letter from 406 congressmen seeking humane treatment of POWs, said he was not told where the movie film was taken.

The Defense Department counted 75 faces in the film. Of these, officials said, 14 were on the Pentagon's POW list, 41 probably were known prisoners and 20 had not been listed previously. No names were listed.

"We know that other films like this have been staged," said Iris R. Powers, coordinator of a group of families whose sons or husbands are missing in action.

"Many of the men shown in the film are wearing different kinds of clothing," Mrs. Powers said. "Now why? Is it because they come from different camps?"

"If so, and we suspect this could be the reason, then it follows that they very probably may have been hand-picked because they are not representative of those who have suffered most, who are ill or injured ... or have been brutalized by their captors," she added.

She said the nine U.S. POWs released by Hanoi told of not being allowed to leave their cells, let alone attend a church service.

The silent film shows GIs in what appeared to be a church lighted with "Noel 1969" signs. Various scenes show prisoners singing, taking communion and kneeling at an altar.

Woodcock told the UAW Community Action Council in Grand Rapids Monday that the union would not be intimidated by either a threat of a lockout by automakers or a prolonged strike. There has been some speculation in Eastern financial circles that the automakers may resort to an industrywide lockout if one company is struck.

Woodcock, who succeeded the late UAW President Walter P. Reuther, repeated Monday that the UAW would strike one of the automakers unless a pattern-setting contract is reached by midnight Sept. 14, when current three-year pacts expire.

The UAW has built up a \$120 million strike fund in preparation for the negotiations.

## Coffee For Miss Waddle

Miss Margie Waddle, bride-elect of Bill McKenzie was honored with an informal coffee, Thursday morning, August 27 in the home of Mrs. Paul McClellan with Misses Paula and Mary Jo McClellan as hostesses.

Miss Waddle was attired in a green linen trossau frock and pinned a corsage of Shasta daisies at her shoulder. Mrs. Leonard Ellis and Mrs. Bob Peterson greeted the guests and invited them into the dining room. Party doughnuts, cinnamon rolls and coffee were served by the bride-elect's aunt, Mrs. Tom McLarty from a table overlaid with a lace cloth and centered with a candelabra epergne of mixed flowers. Afterwards recipes were written by the guests which included Mrs. David Waddle, mother of the

bride-elect, Mrs. Jim McKenzie, mother of the groom-elect and the respective grandmothers, Mrs. R. C. Sheltrope and Mrs. Lynn Ross. Others assisting in the houseparty were Mrs. Cecil Wyatt, Mrs. Hulan White, Mrs. Wade Gilbert, Miss Beth Gilbert and Mrs. Charles Briant, aunt of the bride-elect.

Miss Waddle was presented a gift of china by the hostesses.

## Bridesmaids Luncheon

On the day of her wedding to Jim Pilkinton, August 29, Miss Twila Hunt was the honored guest at a bridesmaids luncheon held at the Heritage House. Hostesses were Mesdames L.C. Collins, A.M. McDowell, Lloyd Turner, Brooks Collins, and Louise Souter of Springhill, La. The honoree wore purple knit and had a white bridal corsage of fleur d'amour. Pink and white asters and white stocks decorated the table, where covers were laid for 20.

## Bridge Club Meets

Mrs. Jim Smith and Mrs. J.R. Wills were club guests and high scorers, too, when a local Friday Bridge Club met with Mrs. Louise Kalin on August 28. After the two tables of players had tallied their scores, dessert and coffee were served for refreshments.

## Rehearsal Dinner

Mr. and Mrs. James H. Pilkinton entertained at the rehearsal dinner Friday evening, August 28 at the Town and Country private dining room for the wedding party of their son, Jim, and Miss Twila Hunt, who were married Saturday evening, August 29.

The T-shaped table with covers for 30 had a centerpiece of pink chrysanthemums, orchid and white stocks. Small bouquets of the same flowers were interspersed with white candles the length of the table. Special guests were the parents of the bride-elect, Mr. and Mrs. Chester Hunt.

The engaged couple chose this occasion to present gifts to the members of their wedding party.

## Television and Radio

By CYNTHIA LOWRY

ap television-Radio Writer  
HOLLYWOOD (AP) — The television cycle seems to be like women's fashions. Science-fiction and fantasy are currently out of style as themes for new series. "The Immortal," a new ABC effort, skirts cautiously around the edges of both categories, but comes up as action-adventure, which again is definitely in.

In this weekly hour the hero will play a man with extraordinary blood which makes him immune to age and disease. He can die by violence—and, of course, cancellation if the ratings are low.

Christopher George, who survived two seasons of World War II guerrilla fighting in "Rat Patrol" with only superficial scratches, will play a man blessed—or cursed—by immortality but hunted by an aging billionaire who wants to use him as a living blood bank to insure his own longevity.

"We don't say, but I figure that Ben Richards—my character—is between 40 and 50 years old, but of course it doesn't show," George explained. "But I also know that everybody I associate with is going to age except me. So I won't get tangled up emotionally. In fact, in the beginning of the series we get rid of the girl who was my love interest in the show that was the pilot."

That pilot, which drew big audiences as a feature made for television, will be rerun Sept. 15. But lest the public get the idea that "The Immortal" is a dramatic cousin of "Bewitched" or "Star Trek," Chris and others in the cast use every opportunity to explain that the unique-blood premise is really not too far out. Chris carries a clipping about some man whose blood type is so rare that he earns about \$12,000 a year selling his blood to a research center.

George, incidentally, was in the happy position of being invited to star in two series spinning off a couple of ABC films he made for TV. He decided on "The Immortal" because it did so well as a one-shot and because he plays a swinging sort of hero—an automobile test driver.

It is still unofficial but is considered certain that Merv Griffin has CBS approval to move his operational base from New York to Hollywood.

The performer said recently that he requested the shift because similar programs—Johnny Carson's, Dick Cavett's, David Frost's—were all competing for guests in Manhattan with the result that there was much duplication of personalities and material. The most recent talk show based in Hollywood was Joey Bishop's, and the location didn't help him much.

mocracy at work?"

Tim Elborne, a White House spokesman, said simply, "State dinners have always been served by waiters." He added that no final decision has been made regarding waiters for the dinner at the Hotel Del Coronado.

However about 50 waiters have been hired through the San Diego local of the Waiters and Bartenders Union, AFL-CIO, a union spokesman said.

"ALEX IN WONDERLAND," new movie by the team that produced "Bob & Carol & Ted & Alice," is a family affair in more ways than one. Here Donald Sutherland (who plays Alex), Meg Mazursky, Ellen Burstyn and Glenn Sargent, from top to bottom, show some real togetherness.

Send your teenage questions to YOUTH ASKED for it, care of Helen Help Us! this newspaper.

### SHE READ COLUMNIST WRONG

Dear Helen:  
This is regarding the girl whose brother and close friends were on hard drugs, and she knew the pusher.

You said "blow the whistle," just as you would if you saw a man being killed in the streets.

This doesn't seem right to me. When a man is attacked his rights are being violated, so you call the police. But these kids who have graduated to heroin are making their own decision. No one is forcing them, so why fink?

Close association convinces me that the only way anyone is going to quit this scene is via his or her own decision. Turning a drug user in only gets him more trouble, not a cure.

Why is everyone so against live and let live—when it doesn't impose upon their rights? —J.M.T.

Dear J:

Please!! You read me wrong! I meant "blow the whistle" on the PUSHER, not the user (who needs therapy, not prison, to solve his problem).

But I still say it MUST be a friend's concern when he sees a buddy strung out on heroin, speed or pills. If we were all concerned enough to help these losers, drugs might no longer seem to them the only way out.

By HELP, I mean that offered by drug clinics and centers, by

former dopers-turned-therapists who can talk the users' language, by doctors—and by parents.

When "live and let live" translates "live and let die," I'm against it. How about instead, "I am my brother's keeper"? —H.

Dear Helen:  
I am 13 and pregnant. I'm too young to get married and besides my boy friend left me. My parents are so busy they don't even see what's bothering me, and I can't tell them, right out.

I was thinking of suicide but I'm afraid I'd change my mind after it was too late, and then where would I be? My best friend says a girl she knows gave herself an abortion, and everything was okay afterwards. But I'm too scared to try.

I know abortions are legal in New York (we live just across the river in New Jersey) but could I get one without my folks knowing? I don't have any money.

If there's any solution, please tell me. TOO YOUNG BUT NOT TOO YOUNG

Dear Too:

An illegal abortion is dangerous, and a self-induced abortion is often fatal.

Don't wait for your parents to discover your pregnancy. They are the only ones who can find a legal solution. Tell them today! —H.

I am—

Not starting this letter with "Dear Helen" because I'm not writing to please you.

It's pretty nervy to put at the bottom of your column "Let Helen help YOU" when over the past few months I have written you two letters and neither have appeared in the paper. My question about getting my boy friend back was very important. Well, I solved it without your help or anyone else's, but I just want you to know I've had it with you, and I won't be sending you any more of my business. —FED UP (No name and address, as usual. —H.)

Dear F. U.:

I can print only three letters a day, from a selection of hundreds. I'm sorry your two lost out, but if you'll send me a stamped self-addressed envelope I'll do my darndest to help—next time. There's no place for those anonymous rejects except the round file. —H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble; let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bottel in care of (name of newspaper). Copyright, 1970, King Features Syndicate, Inc.

TOKYO (AP) — Former U.S. astronaut Frank Borman arrived from Hong Kong today for a 10-hour visit before returning to the United States.

He has been on a tour of world capitals as President Nixon's special representative seeking to enlist aid to get negotiations for the exchange of prisoners of war with North Vietnam.

During his stay in Tokyo, Borman's schedule included meetings with officials of the Japan Red Cross Society and Japanese political leaders including former Prime Minister Nobusuke Kishi, who is Prime Minister Eisaku Sato's older brother.

## BUMPERS

(from page one)

later in the week.

In Franklin County, the Democratic and Republican party chairmen disagreed with a charge by Faubus that Bumpers had supported Rockefeller in past elections.

Pitt Bond, the Democratic chairman, and Foy Hanna, the Republican chairman, said in interviews that they knew of nothing to support Faubus' charge.

Bumpers has lived and voted at Charleston in Franklin County in each of the elections to which Faubus referred in making the charge.

Faubus said he had heard from people in Franklin County that Bumpers had backed Rockefeller in 1964-66 and possibly 1968.

The Democratic nominees in those years, in order, were Faubus, Jim Johnson of Conway and Marion H. Crank of Foreman.

"As far as I know, Mr. Bumpers has voted the Democratic ticket and has supported the Democratic party in every election he's voted in," Bond said.

He added that he, unlike Faubus, had not even heard anything to indicate that Bumpers might have voted for a Republican.

"Of course, I couldn't swear how he voted, since it's a secret ballot, and nobody but Mr. Bumpers knows for sure what he voted," Bond said.

Hanna said there was no way anyone could know how Bumpers voted, "but if he supported Rockefeller he was not active about it."

"I'll say this," Hanna said. "If he did, (support Rockefeller), I didn't know it. It would have been a personal, private thing, because I don't know of any activity he did for Rockefeller."

Bumpers told about 750 persons who met him at Fayetteville Monday that the people of the state wanted a return of "decency and dignity" to the governor's office.

Bumpers said that Faubus could "only divide us at a time when we need so desperately to be united."

Faubus will have a difficult time trying to pin the "country clubber" label a 45-year-old attorney from a town of 1,350 people, Bumpers said.

Bumpers, saying he did not plan to get "down on that level," said Faubus had been making "slandorous, savage" personal attacks.

"He's not running for the betterment of Arkansas, he's running against me," Bumpers said.

Cheek, who finished last in the eight-man field in the Aug. 25 first primary, endorsed Bumpers with these words: "I'd like for the state to go forward and I don't think it can with Orval Faubus."

A self-styled conservative, Cheek disagreed with Faubus' charge that Bumpers is a "flaming liberal."

"I've never seen or heard anything from Bumpers that indicates he is a flaming liberal," Cheek said. "He seems to have sound and logical approaches to all questions. Faubus is lying or distorting the truth when he says that Bumpers has no sound plan for the state's problems."

Cheek also said he thought Faubus' charge that Bumpers is supported by Rockefeller was an accusation that Faubus would make against any runoff foe.

The Executive Committee of the Arkansas State Building and Construction Trades Council endorsed Faubus.

Donald W. Henderson, business manager and secretary of the council, said the 12-member committee unanimously en-

dorsed Faubus at a noon meeting in Little Rock Monday.

He said, however, that the committee also decided that Bumpers would get the organization's support if he defeats Faubus.

The council has 30,000 members in 44 local building trades unions across the state, Henderson said.

At Lonoke, Malone said that one of the candidates in the Democratic gubernatorial runoff had attempted to contact him, apparently seeking an endorsement, but he declined to say which candidate attempted to contact him.

Malone said he had not made up his mind whether to endorse either of the candidates.

"I've been so busy trying to catch up with work on my farm, I really haven't had much time to think about an endorsement," Malone said.

In the Democratic lieutenant governor race, certified returns also confirmed that Riley and Harrell will face each other in the party's runoff.

Riley had 127,822 votes and Harrell 104,843.

By: "BILL"

Rumor has it that a certain gal about town told her bridge club members, "I have the most marvelous recipe for goulash. All I have to do is mention it to my husband and he says . . . 'Let's eat out.'"

Girls, this is a bit sneaky but after all there are times when you would do almost anything to keep from planning another menu. If you can mention this recipe to HIM and arrange for an evening out, we suggest that you manage to drive past Ray's.

Right in the front window you will have a good view of the most attractive Fall knits that you have seen in many a day. He will love them because of the color. It is red. Not dark, not bright nor flamboyant . . . but a luscious shade of Autumn red like an evening sunset. The dress and coat costume is priced at \$75.00 which is very reasonable for two garments. Especially since you can wear the coat with so many things. Designed by Marco Polo.

The one piece dress is so basic you could wear it with furs, a jeweled pin, or a gay scarf . . . price, \$42.00. The three-piece stick-candy red suit has the new longer jacket and the buttons are gold (not solid) but they look it. The skirt is A-line, easy to wear; you can even step up on the curb in it, which is something we have had trouble doing lately. A simply beautiful town suit by Puccini and priced at \$65.00.

These are a few of our favorite knits for Fall. We would love to show you the entire collection which includes many brand names, all nationally advertised. If it is knitted, we have it. Let us show you at

## Cats Prepare to Meet Old Foe, Ashdown

With only four days left, the Hope Bobcats are eagerly preparing for their September 4 opener against Ashdown. Hope has not beaten Ashdown in several years and to beat Ashdown would pave the way for another season.

Coach Ronnie Higgins said that yesterday's practice was the worst yet, but hopefully things will pick up before Friday. The Bobcats have been preparing for their first game since Aug. 15 with two-a-days and small scrimmages before the red-white game last Friday night.

Running the pro-type offense the quarterbacks and backfield running mates are looking good with linemen sharpening their blocking assignments. Definitely everything looks solid.

## N.Y. Mets 11-5 Over St. Louis

If you thought you saw everything last year when the New York Mets cakewalked to the world championship with a great young pitching staff ... well, you haven't seen everything. This time the Mets may do it with their bats.

They snapped a three-game losing streak Monday night by trouncing the St. Louis Cardinals 11-5 with the help of two-run singles by Donn Clendenen, Art Shamsky and Cleon Jones and Tommie Agee's 22nd home run.

That was the only game in the tangled National League East and the standings now show Pittsburgh on top by one game over the Cubs and 1½ over the Mets.

In a sparse American League schedule, Baltimore crushed the New York Yankees 10-2, Boston topped Detroit 4-2 and Washington held off Cleveland 5-4.

While the talented young Met pitching arms continued to serve up hits of all kinds to the opposition, the once punchless Met bats are taking up some of the slack.

"It's encouraging that we're getting the hitting," said manager Gil Hodges, "because we're not pitching well.... It's good to get back on the winning track. Holy cow, it's been a long dry spell."

The dry spell covered six losses in seven games, and even though the Mets dropped from second place to third they gained ground on the Pirates, who lost six in a row. That's how confusing the race is.

Even in winning, the Mets had a scare. Starter Jerry Koosman, sailing along for five innings, yielded a three-run homer to Joe Torre in the sixth, followed by Jose Cardenal's single and another home run by Ted Simmons, and the lead was a shaky 6-5. But the Mets wrapped it up with five runs over the final three frames.

Vic Davallio of the Cards drilled a pinch single in the ninth and set an NL record of 23 pinch hits in a season, one short of the major league mark.

Both the Mets and Pirates made moves Monday to bolster their pitching staffs. The Mets purchased 32-year-old reliever Ron Herbel, 7-5, from San Diego while Pittsburgh obtained much-traveled George Brunet, 35 and 8-6, from Washington.

The Orioles disposed of the Yankees quickly, scoring four runs in the first inning. Mike Cuellar breezed to his 21st victory, aided by Brooks Robinson's two-run homer and RBI single. Ray Culp drove in the tie-

breaking run for the Red Sox with a sixth-inning single and posted his 14th victory, although he needed help in the ninth from Gary Wagner and Sparky Lyle. Tony Conigliaro homered for the Red Sox, who climbed within one-half game of the Tigers in the AL East.

Frank Howard's 38th home run with a man on capped a four-run fifth inning that carried the Senators past the Indians. The long blast tied Howard with Minnesota's Harmon Killebrew for the league home run lead. Aurelio Rodriguez also connected for the winners while Graig Nettles poked a two-run shot for the Indians.

## Colts' Fans Thinking Championship

By TOM EMORY  
Associated Press Sports Writer  
BALTIMORE (AP) — A rich crop of rookies and a steady group of veterans has Baltimore Colts' fans thinking championship again as their heroes enter their first year in the American Conference of the National Football League.

Don Shula, who guided the fortunes of the Colts for the past seven years, has become head coach and part owner of the Miami Dolphins. Taking his place is Don McCafferty, a highly-respected former assistant coach, getting his first opportunity as top man.

McCafferty's ingredients for a successful team begin, as all Colt teams for the past 15 years have begun, with quarterback Johnny Unitas.

Unitas looks strong again in 1970 after sitting out most of the 1968 campaign and having a so-so season last year. Preseason games have shown him to be moving the ball well and mixing his plays like the Johnny U of old.

Right behind Unitas is Earl Morrall, the quarterback who was the NFL Most Valuable Player in 1968 when he guided the Colts to the Super Bowl after Unitas was sidelined with a sore arm.

Morrall is pressing Unitas for the starting job but the conflict can only bring a smile to McCafferty's face to have two highly capable quarterbacks on his team when some clubs are straining to find one.

Baltimore's 8-5-4 record for 1969 was a big drop from the previous year's 13-1 mark, an NFL playoff victory over Cleveland, 34-0, and a Super Bowl contest against the New York Jets which it lost, 16-7.

The Colts hope to regain some of that past glory against the teams which formerly composed the American Football League.

The coaches hope No. 1 draft choice Norm Bulaich of Texas Christian can use some of his 218 pounds of muscle to get the Colts' running game into gear but already he has been hampered by leg muscle pulls which bothered him during his college career.

Wide receiver Roy Jefferson was obtained recently from the Pittsburgh Steelers in a swap for flanker Willie Richardson. This should give the Colts an other speedy receiver to go with their already speedy pass catchers.

The offensive line is full of veterans and only Tom Mitchell challenging John Mackey at tight end could change last year's starting line.

Bubba Smith, 6-7, 290, is the hope of the defensive coaching staff who think the former Michigan State star may be scheduled to regain the aggressive style which he exhibited in the championship drive in 1968. Mike Curtis has put his stamp

## Says Mich. Has Incentive to Win

By LARRY PALADINO  
Associated Press Sports Writer  
ANN ARBOR (AP) — Coach Bo Schembechler says Michigan's football team has "the incentive to win" the Big Ten championship—even though the Wolverines can't go to the Rose Bowl this season.

But more than incentive they have: 1. one of the finest defenses in the country; 2. one of the better quarterbacks in the country; 3. one of the best running combinations in the country; and 4. one of the best coaches in the country.

"Teams who have incentive and talent are going to win," reasoned the 1969 Coach of the Year at a recent press luncheon. "Those who don't, won't. It's as simple as that."

"As far as I'm concerned the important thing is the Big Ten championship—whether we go to a bowl game or not," he added.

UM's incentive will be sole possession of the conference title, something it shared last year with Ohio State via a stunning 24-12 upset of the Buckeyes in the final game of the season. The victory brought the Wolverines to the Rose Bowl Cal only hours after Schembechler was hospitalized with a heart attack.

"I'm in the best shape I've been in since I became a head coach, mentally, physically—and socially," smiled the former Miami of Ohio head coach as he flexed his left bicep.

Bo, who was 220-pounds in Pasadena but is 180 now, said he doesn't expect the pressure of the new season to affect his health.

Seventeen lettermen, including six starters, return to the offense and 16 lettermen, including eight starters, to the defense where Michigan's strength predominantly lies this year.

"It is well stacked and we could probably sustain an injury or two and still come out all right," he said.

Offensively, senior quarterback Don Moorhead will be the key.

The 6-foot-3, 198-pounder, who is co-captain, passed for 1,261 yards and five touchdowns last year. Running from the option-T formation he added 625 yards on the ground and scored four times.

UM's record books underwent an overhaul in 1969, including game marks in first downs (34), yards rushing (5234), and total offense (693). All were conference records. The Wolverines were No. 1 in four categories and second in 12 more.

Billy Taylor and Glenn Doughty divided running chores from the tailback spot last year as sophomores and led the team with 864 and 732 yards rushing respectively. Schembechler will use Doughty, who has recovered from a knee operation, at tailback with Taylor at fullback in place of graduated blocking ace Garvie Crow.

"Because Crow is gone we'll go with more finesse-type running," Bo said. "We'll run our fullback more but when we want blocking we'll use Fritz Seyferth."

Biggest problem will be in the offensive line where the starting guards have departed. Lettermen return to six of seven line spots but there is no depth.

Dan Dierdorf is a shoo-in All-American at offensive tackle but Bo will find difficulty replacing departed All-American Jim Mandich at tight end.

## Sportscasters Predict Hall High No.1

By THE ASSOCIATED PRESS  
Little Rock Hall ended the 1969 football season as the top high school football team in the state.

The Warriors begin the 1970 season the same way.

Hall was named first on nine of 11 ballots cast by a panel of sportswriters and sportscasters. The Warriors edged Fort Smith Northside by three points.

The Warriors are missing only four significant names from the 9-0-1 team of 1969 and are favored to repeat as Class AAAA champions.

Little Rock Central, a Class AAAA team like Hall and Northside is ranked third.

Jonesboro, the favored in AAA-East is ranked fourth — one notch ahead of Springdale, the favored in AAA-West.  
Arkadelphia, Little Rock Catholic, Pine Bluff, Fayetteville and DeWitt round out the top 10.

Arkadelphia and DeWitt are AA schools and Fayetteville and Catholic are in AAA and Pine Bluff is another AAAA team.

Arkadelphia, DeWitt and Rogers are the three top-ranked teams in AA.  
Ashdown received several votes in class A but the Arkansas Activities Association says Ashdown must compete in AA. Alma, Joe T. Robinson and Paris are ranked 1-2-3 in A and Holly Grove, Luxora and Earle hold the same positions in class B.

Here are the results of the Associated Press High School Football Poll with first place votes in parenthesis and total points at right:

## Lions Come Out Fighting, Crush Eagles

By LARRY PALADINO  
Associated Press Sports Writer  
DETROIT (AP) — Philadelphia is the City of Brotherly Love, but when the Philadelphia Eagles leave home they must leave their love behind.

They left it behind Monday night, but they sure weren't angry enough to handle the growing Detroit Lions.

The Lions came out fighting first and shook hands later as they crushed the Eagles 31-7 in their National Football League exhibition game before a record preseason crowd of 56,032.

Although there were several fights during the game the biggest fight seems to be the one developing over who'll be Detroit's No. 1 quarterback. Greg Landry won his bout against the Eagles, firing a pair of touchdown passes and running 33 yards for another score to draw the praise of coach Joe Schmidt.

Bill Munson had started Detroit's first three games, although Landry has played considerably. Munson didn't play at all against the Eagles, who have lost their three exhibitions.

Third-stringer Greg Barton played the fourth quarter for the Lions who have won three straight in a 3-1 record.  
It is generally conceded Detroit has a fine defense. The Eagles only score came on a one-yard plunge by rookie Lee Bouggess with a minute left in the game, with Mark Moseley converting.

Landry put the Lions ahead 7-0 at the five-minute mark of the first quarter with a 29-yard touchdown pass to tight end Charlie Sanders. The sensational Sanders, recently returned from the Army, made fine catches on two other apparent TD tosses from Landry only to have them nullified by penalties. One was a 46-yarder in the second quarter and the other for 42 yards in the third.

Sanders didn't only shine as a receiver. Landry, who likes to run, found his receivers covered and so sprinted the 33 yards for his TD in the third period. Former Michigan State quarterback Jimmy Raye, an Eagles defensive back, had a clear shot at Landry on the five but Sanders upended him with a jarring block.

The 6-foot-4, 235-pounder was involved in a little of everything. In the third period he and Eagles defensive tackle Gary Pettigrew scuffled briefly.  
"Landry was rolling out and the only person between him and me was Pettigrew," Sanders explained. "So I blocked him in the legs and he started kicking me. But we shook hands afterwards."

However, the big fight came early in the fourth quarter moments after Lem Barney intercepted a Norm Sneed pass and returned it 16 yards to the Philadelphia 24.

Lions defensive back Bobby Williams threw a punch at Eagles defensive tackle Ernie Calloway after both benches cleared to the Eagles end zone where some pushing was going on.

Strangely only Philly's Ronnie Blye was ejected.

Philadelphia managed just 172 yards total offense to 405 for the Lions, who outtrashed the Eagles 219 yards to 67.

George Mira went most of the way at quarterback for the losers and had passes intercepted by Barney and Tom Vaughn. The same two Lions snared two of Sneed's tosses.

A wave of cuts highlighted Monday's off-field activities. Two of those released were Billy Cannon, by Oakland, and Jimmy Hines, by Miami.

Cannon won the Heisman Trophy as a running back for Louisiana State and then played running back and tight end for Houston and Oakland over a period of nine years.

Hines, an Olympic sprint champion, spent two frustrating seasons as a wide receiver for the Dolphins.

In trades, Pittsburgh sent center Bob DeMarco to Miami for a 1971 draft choice, the Oakland Raiders dealt like Lassiter, a former all-American Football League defensive end, to the Boston Patriots, also for a future draft pick.

There are said to be 10 million tennis players in the United States now," said one tennis official. "I think you could expect 30,000 of them to want to see a Davis Cup."

Perhaps, but the Davis Cup must improve its product. The U.S.-Germany match was a sham, with the Germans putting up only a feeble fight. In the final singles, Cliff Richey of San Angelo, Tex., defeated Wilhelm Bungert 6-4, 6-4, 7-5 and Ashe won over Christian Kuhnke 6-8, 10-12, 9-7, 13-11, 6-4.

The Monday afternoon meeting at Tiger Stadium was scheduled to discuss the Campbell suspension of McLain for dozing two Detroit sportswriters with water last Friday.

## Royal Praises Quarterback Wigginton

By THE ASSOCIATED PRESS  
Texas coach Darrell Royal took time out to praise the scrubs Monday.

The leader of the national champions praised No. 3 quarterback Donny Wigginton, in particular.

"There's none with a better attitude or who is more courageous working with an inferior team," Royal said. "He reminds me of Marvin Kristynik. He'll take the third team and move it against the first team."

Royal also had kind words for halfback Terry Collins, who scored two touchdowns in Saturday's scrimmage.

"He had a very good scrimmage and right now he looks like our No. 1 backup halfback to Jim Bertelsen and Billy Dale," Royal said.

## Wants Tennis Returned to the People

By WILL GRIMSLEY  
AP Special Correspondent  
CLEVELAND (AP) — If the Davis Cup is to survive, it may not only have to go open, it may have to go public, as well.

This was the feeling of leading tennis figures after the United States completed a 5-0 rout of disappointing West Germany Monday in the cozy and somewhat restricted confines of the Clark Memorial Stadium in fashionable Cleveland Heights.

"We must take tennis out of the country club atmosphere and return it to the people," said Arthur Ashe Jr., of Richmond, Va., mainstay of the U.S. Davis Cup team for the last seven years.  
Alastair Martin of New York, wealthy president of the U.S. lawn Tennis Association, agreed.

"I think we should start thinking about putting the Davis Cup in the big public stadium—the ball parks or the coliseum," Martin said. "It should be a big show where the average sports fans could attend."

Donald Dell, the ex-U.S. Davis Cup captain, said, "The ghetto of the country club is holding back the progress of the sport."

Pete Davis, whose father Dwight Davis donated the cup 70 years ago, said he knew of no restriction against playing the Davis Cup in a closed arena such as Madison Square Garden or the Houston Astrodome.

"I would like to see more people given a chance to view the matches," Davis said.  
The future site of the Davis Cup challenge round became a question mark when the USLTA indicated it was searching for another city. Cleveland has held the last three—in 1964, 1969 and 1970.

The city built in a hard surface court in a junior high field, constructed bleacher-type stands and proceeded to hold the world's top team tennis show for a capacity 7,500, most of them affluent residents of the community paying \$6 to \$12 a seat.

"How many fans are you going to get at \$12 a seat?" asked Ashe. "Tennis is too snobbish, anyhow."

The West Side Tennis Club at Forest Hills, seating more than 13,000, is the logical site but Forest Hills can't accommodate both the Open and the Davis Cup.

Football and baseball are erecting modernistic plants which might be used for a Davis Cup challenge round but to date the sport has not shown a wide enough national interest to warrant a move into one of those giant arenas.

"There are said to be 10 million tennis players in the United States now," said one tennis official. "I think you could expect 30,000 of them to want to see a Davis Cup."

Perhaps, but the Davis Cup must improve its product. The U.S.-Germany match was a sham, with the Germans putting up only a feeble fight. In the final singles, Cliff Richey of San Angelo, Tex., defeated Wilhelm Bungert 6-4, 6-4, 7-5 and Ashe won over Christian Kuhnke 6-8, 10-12, 9-7, 13-11, 6-4.

Tuesday, September 1, 1970

Tommy Bambrick underwent corrective knee surgery and it was not determined when he will be available to the depth-shy Bear squad.

Coach Bill Beall tried Mike Beane, Wayne Trammell, Willie Stewart and Ed Marsh at Bambrick's "Bushwhacker" spot.

Beall also named his six game captains for the opener against Missouri Sept. 11 in St. Louis.

They are fullback Randy Cooper of Dallas, tackle Ron Evans of Amarillo, quarterback Laney Cook of Sonora, middle guard Trent Phipps of Garland, defensive end Dennis Watson of Marshall and linebacker David Jones of Corpus Christi.

There was bad news at Fayetteville, Ark., where defensive tackle Rick Kersey, an All-Southwest conference selection last fall, suffered injuries to his left ankle. An examination indicated the ankle was not fractured, but Kersey will not be able to work out until later this week.

Coach Frank Broyles was happy with the defensive play of tackle Dick Bumpass in last Saturday's scrimmage.

He said Bumpass is having a "Great practice" this fall.

Position changes were in the works at Texas A&M and Texas Christian. Dave Elmendorf, who had been working as an offensive halfback for the Aggies, moved back to defensive safety. A&M coach Gene Stallings said Elmendorf will probably see action at both positions this fall.

At TCU, coach Fred Taylor shifted fullback Lane Bowen, a sophomore from Brownwood, to end. Also, Taylor said he now has three first string running backs — Bobby Davis, Larry Harris and Raymond Rhodes. Taylor said he plans to alternate the three.

## USSR Trying to Catch Up With USA

By ENRICO JACOMINI  
TURIN, Italy (AP) — The sixth World University Games passed the halfway mark today with the Soviet Union trying to catch up with the United States and its pile of 19 gold medals.

The Soviets picked up two golds on Monday for a total of eight thus far. They have good chances to win gold medals in tennis, gymnastics, women's basketball and the volleyball tournaments.

It appeared likely, that the decisive battle for supremacy between the two powers would come from the track and field with its 31 gold medals at stake. The track and field events start Wednesday.

The two medals the Soviets won Monday were for the men's team foil and the water polo. They were the only ones at stake for the day.

# Offensive Worries Broyles

By DENNE FREEMAN

Associated Press Sports Writer  
National champion Texas tries for an encore this year without a weak-armed quarterback who guided the Longhorns to 20 consecutive victories on a steady diet of converting 4th- and 2nd-situations.

James Street's the name and clutch play was his game.

He rallied the Longhorns from 14-0 deficits to Oklahoma and Arkansas and 10-0 to Notre Dame in the Cotton Bowl.

The fiery unbeaten leader of the burnt orange has completed his eligibility and turned the controls over to Eddie Phillips, who has tremendous ability but is unproven in a pressure cooker.

Coach Darrell Royal is confident Phillips can handle the job.

Royal says "Phillips' mechanics and execution are just as good as Street's and he's a good runner. All he needs is to win. Confidence is the thing that helps any quarterback and it comes only from winning."

In fact, the secondary worries Royal more than the quarterback.

"We are extremely thin back there," he says.

The loss of junior Freddie Steinmark, who lost his left leg in a cancer operation Dec. 12, left only Danny Lester and Rick Nabors as experienced defensive backs.

"I don't know what we'd do if they got hurt," Royal says.

Texas has All-America quality folks in fullback Steve Worster, halfback Jim Bertelsen, split end Cotton Speyrer, offensive tackle Bobby Wuensch, defensive end Bill Alessi and line-backers Scott Henderson and Bill Zapalac.

While Texas is the favorite to win the Southwest Conference championship and perhaps another national title, the Arkansas Razorbacks loom as a prime roadblock.

The combination of quarterback Bill Montgomery to wide receiver Chuck Dicus is one of

the most feared pass-and-run combinations in the land. Bill Burnett adds a potent force at tailback.

Coach Frank Broyles is mostly worried about his green, inexperienced but huge offensive line.

"The offensive line replacements are going to have to get good all of a sudden," says Broyles. "Offensive linemen don't look good until they gain some confidence. The offensive line requires more learning than any other phase of our game."

And Broyles adds, "They have the physical talents, if they can gain the confidence."

The remainder of the SWC is still a good step behind Arkansas and Texas in over-all depth, but each club except perhaps Baylor boasts some individuals who could dish out some upset poison on a given Saturday.

Good quarterbacks are plentiful in the SWC. There's Chuck Hixson at Southern Methodist, who needs only 10 completions to break the all-time NCAA record; Charles Napper of Texas Tech and Steve Judy at Texas Christian.

Hixson is a remarkable athlete who has completed 462 of 830 pass attempts for 5,416 yards and 30 touchdowns in SMU's "30-yards and a whirl-of-wind" offense.

Coach Hayden Fry says "Hixson's got probably the quickest release in collegiate football. And he can think. He checked off 12 touchdown passes his sophomore year."

Broyles says flatly "He's the greatest college passer I've ever seen."

Royal adds: "His greatest asset is that when a receiver pops open, he can hit him in a New York second."

Texas A&M, under coach Gene Stallings, has a talented group of sophomores and juniors headed by quarterback Lex James and running back Brad Dusek but the Aggies play a killer road schedule—Louisiana State, Ohio State and Michigan.

Texas Tech's Red Raiders have a new coach—energetic Jim Carlen—and should be most troublesome particularly with the gifted Napper as the man under.

TCU is big and brawny and Judy can make coach Fred Taylor's offense hum but the Horned Frogs are lacking in team speed, something which always seems to keep them a step away from the SWC crown.

Rice has the most lettermen back in the SWC. Coach Bo Haggan concedes this is his most talented squad and with a few good bounces the Owls could jump into the SWC first division.

Baylor is winless under Coach Bill Beall and the Bears have neither the depth, speed or brawn to compete. Punter Ed Marsh, the NCAA leader last year, is the only player worth writing home about.

The SWC has been the scene of some wild, wild upsets but it would really take a stunner to keep Texas and Arkansas from their "Big Shootout" No. 2 on Dec. 5 in Austin with unblemished records.

Houston is the best of the independents in the Southwest with receiver Elmo Wright one of the finest in the nation. Cougar coach Bill Yoeman has quarterback problems since undefeated signal caller Gary Mullins will not be able to play this year because of injury. Houston should be tough on defense and still have plenty of offensive firepower.

## Another 'Dousing' Takes Place

DETROIT (AP)—There was another sportswriter "dousing" incident at Tiger Stadium Monday night, but this time instead of Tiger pitcher Denny McLain being the villain it was Detroit Lions offensive tackle Roger Shoals.

Shoals doesn't have to worry about getting suspended, though. His practical joke had the sanction of Joe Schmidt, Lions coach; Russ Thomas, general manager; and owner William Clay Ford.

Actually, the bucket of "water" Shoals heaved on Jerry Green, Detroit News pro football writer, was really shredded newspaper. And it was Schmidt who shredded it, then gave Shoals the cue to toss it good naturedly on the unsuspecting reporter, long a critic of Shoals' ability.

The incident occurred in the Lions dressing room after Detroit's 31-7 National Football League exhibition victory over

WETHERSFIELD, Conn. (AP) — Notes from the pro golf tournament trail:

Stormy Dave Hill says he was fined for failing to sign his scorecard after the second round of last week's Dow Jones Open.

"I thought it was a free country and you didn't have to sign anything you didn't want to," Hill said, "but the man said get out your checkbook so I got out my checkbook."

"I guess it's okay," Hill was disqualifed. His score would have failed to make the cut for the final two rounds in any event.

"What I think I'll do," said Hill, who was fined and reprimanded for his remarks at the U.S. Open earlier this year, "is just send them a check every week, maybe \$50."

"Then at the end of the year, they can figure it up and if I've paid them more than I've been fined, well, they can tell me how much it is and what I can do or say to get fined that much more."

Steve Reid, who has had his goodly share of fines, was chiding Hill about his latest episode. "It's not right, Dave," Reid said. "Everybody knows I'm a bad guy, that I get hot out on the course."

"But you, you're always giving them that action that you're so cool, that you don't get hot. It's not right."

"You've got to be sincere."

A number of the leading names in the game are planning vacations and easing off on the schedule for the rest of the year, but Jack Nicklaus has a heavy line-up.

"I'll play in the World Series," said the British Open champ, "and I've got a tournament in England, the Piccadilly in London."

"I'll play in the Kaiser and Sahara. I'm defending in both of those. And I'll play in the Heritage."

Nicklaus worked with architect Pete Dey in the construction of the Hilton Head course which is host to the Heritage.

"I'd like to be able to play in the Heritage just for the fun of it," he said, "but it all depends on just how I feel at the time."

## Cassius Clay Arrives in Atlanta

ATLANTA, Ga. (AP) — Former world heavyweight champion Cassius Clay arrives in Atlanta today to supply what promoters say is an unneeded boost to ticket sales for his first fight in more than three years.

"I don't think we'll need (to boost ticket sales). I don't think we have enough," said Jesse Hill, one of the fight promoters, said Monday.

Clay, who prefers to be called Muhammad Ali, takes on Miami heavyweights Rufus Brassell and Johnny Hudgins in two four-round exhibitions Wednesday night in the Morehouse College gym at Atlanta University.

It will be Clay's first professional ring appearance since June 15, 1967, when he fought three-round exhibitions in Detroit against Alvin "Blue" Lewis and Orville Qualls, both of Detroit.

The 28-year-old former champ fought his last title bout on March 22, 1967, when he knocked out Zora Folley in the seventh round.

Wednesday night's exhibitions are being promoted by House of Sports, which hopes eventually to arrange a title fight between Clay and Joe Frazier, the current champion.

The Philadelphia Eagles. Schmidt, Thomas, Ford—plus players and other newsmen—roared with laughter at the joke as Green, somewhat red-faced sitting on a footlocker smiled as he brushed some paper off his lap.

Only four nights before in the same room pitcher McLain dumped pails of ice water on two local sportswriters, including Green's fellow News writer Watson Spoelstra. General Manager Jim Campbell promptly clamped a suspensin on McLain which is "not to exceed 30 days."

### Sam Snead Wins by One Stroke

NARRAGANSETT R.I. (AP) — Veteran golf pro Sam Snead won top money Monday at the fourth annual Pt. Judith Country Club pro-amateur tournament by one stroke.

Snead, who shot a par 71 for the 18-hole match, won the \$1,000 top prize.

The low team pro, Tom Shaw of Milwaukee, Ore., also received \$1,000. His team shot a 14-under-par 57.

### Rick Kersey Injured in Practice

FAYETTEVILLE, Ark. (AP) — Defensive tackle Rick Kersey, an All-Southwest Conference selection last season, was injured Monday as the Arkansas Razorbacks began their second week of fall football practice.

Kersey suffered injuries to his left ankle and will not be able to work out until later this week. An examination indicated the ankle was not fractured.

Coach Frank Broyles praised the performance of defensive tackle Dick Bumpass in Saturday's scrimmage.

Bumpass is having a "great practice" this fall and is "outstanding," Broyles said.

All injured Arkansas players, except reserves Walter Nelson and Ronnie Bennett, returned to practice Monday.

### Shreveport Defeats Arkansas

SHREVEPORT, La. (AP) — Shreveport righthander Tom Kelley struck out 16 batters and pitched a three-hitter as Shreveport defeated Arkansas 6-3 in a Texas League game Monday night.

All three runs off Kelley were unearned as he raised his record to 7-1 and also snapped an 11-game losing streak for the Braves.

The Braves took a 3-1 lead in the first and moved in front for good a 5-3 in the fourth. The Braves' nine-hit attack featured six doubles, two by Santiago Rosario.

The Travs got their first run off Kelley in the first on a delayed steal of home by Charlie Stewart and then scored twice in the third when Kelley overthrew first base with the bases loaded.

### Ike Lassiter Joins Patriots

BOSTON (AP) — Ike Lassiter, an eight-year veteran and former all-league choice at defensive end, is the newest member of the Boston Patriots.

The National Football League club announced Monday night it had acquired the 6-foot-5, 270-pounder from the Oakland Raiders in exchange for an undisclosed 1971 draft choice.

### Calif. 500 Sets 4-Lap Ave. Record

ONTARIO, Calif. (AP) — The 33 cars making up the California 500 championship field returned to the Ontario Motor Speedway today after setting a record four-lap average of 172.540 miles per hour during a weekend of qualifying.

Today's runs were labeled "carburetion tests" but for most of the drivers it was to be the next to last opportunity to get in practice runs over the 2.5-mile Indianapolis-type oval.

A final round of tests, giving crews a chance to work on their pit stop procedures, are scheduled Friday.

In the carburetion tests, the cars run with full loads of fuel and team managers keep a close check on tire wear and the way the cars handle under racing conditions.

"These tests are extremely important before a 500-mile race," said Frank DelRoy the 55-year-old chief of the U. S. Auto Club technical staff. "Three pit stops will be mandatory for the California 500, and the speed with which the crews get their cars in and out of the pits on these stops could make or break their chances in the race."

Most of the cars were fitted with fresh engines Monday, when the sparkling new \$25.5 million speedway was closed to the public.

## Bucs Will Move to Memphis

By RANDOLPH SCHMID

MEMPHIS, Tenn. (AP) — The New Orleans Saints, faced with slumping crowds and loss of revenue at home, have been sold and will be moved to Memphis this season.

The move, announced at news conferences Monday in both cities, remains contingent upon approval of the league expected today.

P.L. Blake of Greenwood, Miss., negotiated purchase of the team from Maurice Stern of New Orleans.

Neither side would disclose the purchase price, but Stern admitted that the club owners did not get their investment back. "We took a loss," he said.

Stern said he had initially been approached by Blake about 10 days ago, and the formal agreement was reached Saturday.

Coach J. H. "Babe" McCarthy, who will remain with the squad, said pre-season practice will begin Sept. 14.

Club spokesmen said that at least temporarily the team will be renamed the Memphis Pros. Eventually, they said, the citizens of Memphis will have an opportunity to choose a new name for the squad.

McCarthy said that a six-game exhibition schedule has been planned, to precede an 84 game regular season schedule.

The pros will open their season Oct. 22 at the Mid-South Coliseum in Memphis against the Kentucky Colonels.

Last year McCarthy piloted the Bucs to a .500 record, but still finished last in the ABA's Western Division.

### Hambletonian Trotting Stake Begins

DU QUOIN, Ill. (AP) — The rain and the clouds which have hovered over the Du Quoin State Fair are expected to begin clearing today and open the way for Wednesday's \$143,650 Hambletonian trotting stake.

The Grand Circuit Society Program Monday was postponed because of rain and the brilliant array of 3-year-old trotters who will compete in the harness classic were unable to go through any exercises.

"All the horses have gone through their serious workouts so the cancellation of jogging exercises won't hurt any of them," said William Hayes, president of the Du Quoin State Fair.

### Angels Add Gonzales to Team

ANAHEIM (AP) — The California Angels, only three games out of first place in the American League West, added Tony Gonzales, a seasoned left-handed hitter Monday.

Gonzales, a .290 hitter for 11 National League seasons, was acquired from the Atlanta Braves for an undisclosed amount of cash in excess of the waiver price.

The 34-year-old outfielder, a line-drive hitter who was batting .265 with Atlanta with seven home runs, was purchased on the last day a player can be added and still be eligible to play in the World Series.

### South Africa Banned From Competition

STOCKHOLM (AP) — South Africa's track and field athletes are banned from international competition for two years.

That action was taken Monday by the International Amateur Athletics Federation because of South Africa's segregationist policies.

The IAAF Council said South Africa will remain an IAAF member but "definite decision concerning its future membership" will be taken at the group's next Congress in 1972.

In other action, the Council voted down a proposal that athletes be allowed to accept money for appearing in interviews in radio and television and for writing articles for newspapers.

### Tall Power

A 1,572-foot television antenna tower near Oklahoma City, Okla., is 100 feet taller than the combined height of the Empire State building with its 222-foot antenna.

### Edgerson Traded to Broncos

NIAGARA FALLS, N.Y. (AP) — Defensive cornerback Booker Edgerson, a mainstay of the Buffalo Bills' secondary since 1962, was traded to the Denver Broncos Monday night for a future National Football League draft pick.

### 121 Persons Voted in Both Primaries

By THE ASSOCIATED PRESS  
Prosecutor Ed Bethune of the 1st Judicial District said at Searcy Monday that charges would be filed by Wednesday against at least 121 persons who voted in both primary elections last Tuesday.

Bethune said charges would be filed against 15 persons in White County, 26 in Phillips County, 75 in St. Francis County and five in Woodruff County. He said he found no violation in Lee County.

State law provides that no person may vote in more than one party primary election on the same day and provides punishment of up to five years in prison or up to a \$5,000 fine or both.

Bethune said he would reduce charges so they would constitute a misdemeanor and involve a "more realistic penalty."

In Hot Springs Monday, Dan McCraw, chairman of the Garland County Democratic Committee, said the committee was preparing a list of voters in the Aug. 25 Republican primary to prevent them from voting in next Tuesday's Democratic runoff election.

McCraw said he hoped the list would help avoid confusion and serve as an aid to voters and election officials to keep them from violating laws forbidding Republican primary voters from balloting in the Democratic runoff election.

Atty. Gen. Joe Purcell ruled recently that such "crossover" voting would be illegal.

### Farm Prices Drop During August

WASHINGTON (AP) — The Agriculture Department says prices received by farmers for raw products dropped 3 per cent in the July 15-Aug. 15 period, marking the largest 30-day decline since October, 1948.

The crop reporting board said Monday that lower prices for hogs, cattle, potatoes and pigs contributed most to the decrease. Higher prices for milk, lettuce and wheat partially offset the loss.

The over-all August index for prices paid farmers was put at 276 per cent of the 1910-14 base period, compared with 286 per cent a month earlier and the five-year high of 290 last February.

The board noted that the report did not reflect the sharp grain market fluctuations the past two weeks caused by reports of 1970 corn losses because of the Southern leaf blight.

Opening lead—♦ 10			

Some time ago we asked our readers to send us hands for the column if they found one that seemed suitable. Floyd Miller of London, Ontario, has taken us at our word.

He writes in part: "I opened with a two-no-trump in a recent duplicate game. My partner raised me to game and I proceeded to take all 13 tricks with 23 points opposite five points and only one five-card suit to help me along. Most players got to four hearts and also made seven but as no one got to any slam my score was a tie for top. I wonder if many experts would have reached a slam with these cards?"

The hand is interesting indeed and does show how the luck of finding the enemy cards just where you want them can bring home a lot of tricks.

Playing at either no-trump or hearts a diamond lead makes everything easy. The king of diamonds will drop

## DOCTOR'S MAILBAG

## 'Too Much Acid' Is Loosely Used Phrase

Q—A gastric analysis revealed a very low hydrochloric acid (HCl) level in my stomach. Would weak HCl aid in the digestion of certain foods, even acid ones?

A—A low HCl level may be associated with pernicious anemia or cancer of the stomach or it may be present without any apparent cause. Although many persons with a low HCl level take a few drops of HCl with their meals and claim that it helps them, there is no firm evidence that such treatment is needed.

There is a slight trap with this hand. Suppose you play out three rounds of clubs before you release your second diamond. You will have made it impossible to get to dummy to cash the diamond jack if you have retained the seven or eight of clubs in your own hand.

As for experts getting to six. Some might. Experts do strange things on occasion but if they are going to get to six someone will have overbid along the way. The no-trump and heart slams depend on a lot of luck. Even the club slam which has a slightly better chance of making is nothing to write home to mother about.

vealed a very low hydrochloric acid (HCl) level in my stomach. Would weak HCl aid in the digestion of certain foods, even acid ones?

A—A low HCl level may be associated with pernicious anemia or cancer of the stomach or it may be present without any apparent cause. Although many persons with a low HCl level take a few drops of HCl with their meals and claim that it helps them, there is no firm evidence that such treatment is needed.

Most persons who complain of too much acid, however, merely have frequent attacks of sour stomach—a far different matter. They are usually helped by eating more slowly and in calmer surroundings, by avoiding an excess of fat, sugar or salt in their diet, and by taking one of the many antacid preparations on the market—after their doctor has ruled out any serious disease.

Q—Is it possible for Coumadin taken over a prolonged period to cause bleeding?

A—This anticoagulant should not be taken by anyone with a vitamin C deficiency nor by a pregnant or nursing woman because bleeding may occur unless weekly checks of the bleeding time are made.

Q—What is heparin used for? How is it given? While taking it, does the blood have to be checked every day?

A—This anticoagulant is given chiefly to prevent clotting in persons with a stroke or coronary heart disease due to clotting rather than hemorrhage. It is given by deep injection into a muscle. Blood checks should be made weekly.

Q—What is Alertonic given for? What are its side effects?

A—This is a multivitamin with added calcium, manganese, magnesium, zinc and ammonium molybdate. It is given to stimulate the appetite. It may cause nervous agitation, insomnia, nausea and a rash.
